Recommendation letter for Tajkia Zaman:

To Whom It May Concern,

I am pleased to recommend Tajkia Zaman for any position that matches her skills and experience. I had the opportunity to oversee Tajkia's work at Vogt RV from January to October 2024, where she served as our Digital Marketing Expert. I can confidently speak to her abilities, strong work ethic, and professionalism.

In her role with us, Tajkia was primarily responsible for the functionality and design of our company website, along with maintaining clean data feeds for our products, and managing integrations with third-party and internal platforms. She played a key role in transitioning our website domain from an agency-hosted platform to a self-hosted one. She ensured a smooth process and consistently improved and maintained the website's layout and usability, which helped increase customer engagement and lead volume.

Beyond her technical experience, Tajkia often communicated well with team members, fostering a cooperative work environment. Her problem-solving skills and proactive approach enabled her to navigate challenges effectively.

I believe Tajkia Zaman would be a great asset to any organization and I am confident that her dedication and skill set will positively impact any team she joins. I highly recommend her and am happy to provide further information about her contributions if needed.

Sincerely,

Christopher Amelio
